ERF and the **Environment Program** of the **United Nations Association of Australia (NSW) Inc**, are networking for world-wide implementation of the **Earth Repair Charter and Vision 2020 Global Solution Strategy**.

2nd March, 2014

Reference for Frazer Kirkman

To whom it may concern

I am writing to recommend Frazer Kirkman for any position, community group or activity that he wishes to be involved with.

Frazer has completed 6 months voluntary service with our Foundation and his contributions have been outstanding. Our gratitude for his generous efforts will go on and on.

As well as contributing his computer programming skills to enable our web presence to be more effective, he also brought his high-thinking ideals on optimistic thinking and optimum foods and eating into prominence and relevance in our daily lives.

He is practically idealistic, and I believe that he would be a valuable asset to any household, community group or organization.

Frazer is well loved, is a fine Goodwill Ambassador for the Foundation and has contributed to our Blue Mountains community and environment in positive and practical ways

He is capable of producing professional work and presenting himself appropriately. He is a diligent, adaptable and conscientious person, a valuable asset to society and a contributor to a healthier, happier and more sustainable future for everyone.

I refer you to the Earth Repair Charter to give you an insight into some of the work of our Foundation. [www.earthrepair.net/](http://www.earthrepair.net/) I am available to speak with you to give further testament to Frazer's good character and I welcome you to contact me at the address or numbers above.

Yours sincerely,

*Franklin M Scarf*
